
COMPANY BROCHURE · 2026

We build for the *future of Ghana.*

A turnkey construction services company delivering housing, infrastructure and finishing works across the country — design through handover, engineered to last.

OBOTAN CONSTRUCTION SERVICES

10 Wiaboman Street, Laterbiokoshie

Who *we are.*

Obotan Construction Services is a premier turnkey construction company dedicated to delivering quality residential, commercial and infrastructure projects across Ghana. From initial design through handover, we lead each project with engineering rigour, transparent communication and an uncompromising standard of finish.

Our practice spans architectural and structural design, building construction and renovation, road and bridge infrastructure, electrical and plumbing installations, and a full range of finishing trades — kitchen cabinets, closets, painting, tile-works, landscaping and more.

What sets us apart

Integrity-led delivery

Honest, ethical practice with open communication on cost, programme and risk at every stage.

Engineering rigour

Pavement design, structural analysis and material selection led by qualified engineers — every project.

Quality finish

A standard of finish set by skilled tradespeople — work we are proud to put our own name on.

Long-term thinking

Maintenance planning and durable specification of infrastructure that lasts decades, not seasons.

ENGINEERING EXPERIENCE

Our commitment

Every road we lay, every wall we raise and every home we hand over carries the same promise – the people who live, work and travel through Ghana, to a standard we'd want for our own families

What we *deliver.*

A full-spectrum offering across 16 disciplines — from earthworks and structure through to finishing and final handover.

Land Sales & Documentation

The company prides itself on integrity, ensuring honest and ethical practices with open communication. We offer litigation-free serviced plots in prime, developing locations, promising growth potential. Our flexible payment terms cater for...

Land Surveying & Quantity Surveying

Our company offers flexible, customer-based solutions tailored to individual needs, ranging from comprehensive surveys to detailed quantity surveying. With a team of experienced surveyors utilizing the latest technology, we ensure accurate...

Building Construction, Renovation & Remodelling

The construction company prides itself on meticulous attention to detail, ensuring perfection in every aspect of its projects. They prioritize on-time completion, using high-quality materials and adhering to strict standards. The...

Architectural & Structural Drawings

We are a collaborative architectural and structural design firm that values your input and vision, ensuring that your ideas are incorporated into the final design. We respect your schedule by delivering designs on time without compromising...

Electrical Sales, Wiring & Installations

Our company offers a comprehensive range of electrical engineering services, including wiring, installations, solar panel installations, supported by an experienced team. We prioritize safety, ensuring rigorous protocols are followed...

Gates, Balustrades, Steel & Iron Fences

We offer custom-designed solutions to suit each property's unique style and needs, with a wide range of designs available. We prioritize high-quality materials and environmentally friendly practices in our products. Our installations...

CCTV Installation, Electric Fence & Gate Automation

We deliver end-to-end security and automation solutions — CCTV surveillance systems, electric perimeter fence, motorised gates, intercoms and smart access control — for homes, estates and commercial properties. Our engineers des...

Kitchens, Walk in Closets & Cabinet Installations

We design and install bespoke kitchens, walk-in closets and cabinet systems that transform the way you use your home. From the first sketch to the final hinge adjustment, our cabinet makers work closely with you to optimise every centimetre...

Professional Roofing Services

We install, repair and maintain roofing systems for residential, commercial and industrial buildings — long-span aluminium, stone-coated steel, slate, shingles and clay tile. Our roofing crews handle every stage in-house, from structural as...

Plumbing Services & Sales

We handle every plumbing need — from full first-fix and second-fix on new builds to leak repairs, drainage, pressure systems, water tank installs, hot-water systems, sanitary-ware fitting and ongoing maintenance for existing properties. Our...

Sliding Doors & Windows

We supply and install premium sliding doors, aluminium windows, frameless glass partitions and patio door systems that bring natural light, ventilation and a modern aesthetic into any space. From slim-line aluminium and uPVC to expan...

Painting & POP Services

We deliver flawless interior and exterior painting and decorative POP (Plaster of Paris) ceiling work that transform any space. From new-build first paint and accent feature walls to luxurious tray ceilings, cornices, recessed lighting...

OUR SERVICES (CONTINUED)

Tile Works

We supply and install tiles for floors, walls, kitchens, bathrooms, pools and outdoor terraces — ceramic, porcelain, marble, granite, mosaic and large-format slabs. Our tilers measure, cut, level and lay every tile by hand with precision and care. Our services include:

Landscaping & Lawn Services

We design, build and maintain landscapes — lawns, gardens, paved walkways, water features, irrigation systems, outdoor lighting and exterior living spaces — that transform the outside of your property as dramatically as a renovation transformation.

Professional Cleaning Services

We provide professional cleaning services for homes, offices, retail spaces and post-construction handovers — deep cleans and regular contract cleaning to specialist services like upholstery, carpet shampooing, window cleaning and post-construction cleaning.

Interior Design & Decoration

We deliver full-service interior design and decoration — from concept and mood boards to space planning, 3D visualisation, furniture and finishes selection, procurement and installation. Whether you are dressing a single room or fitting out a whole house, we will create a space that is both beautiful and functional.
